Estimate & Progress Invoicing Overview

Progress invoicing (also known as progress billing) lets you invoice for jobs that you work on and complete in phases. When using progress invoicing, you start by creating an estimate for the job (you don't have to give this estimate to the customer).

Then, as you complete each phase, you can easily transfer items from the original estimate to an invoice. You can specify which items to include on each invoice and change estimated amounts or percentages. When you use estimates to create progress invoices, you can run reports to help you track your estimated versus actual costs.

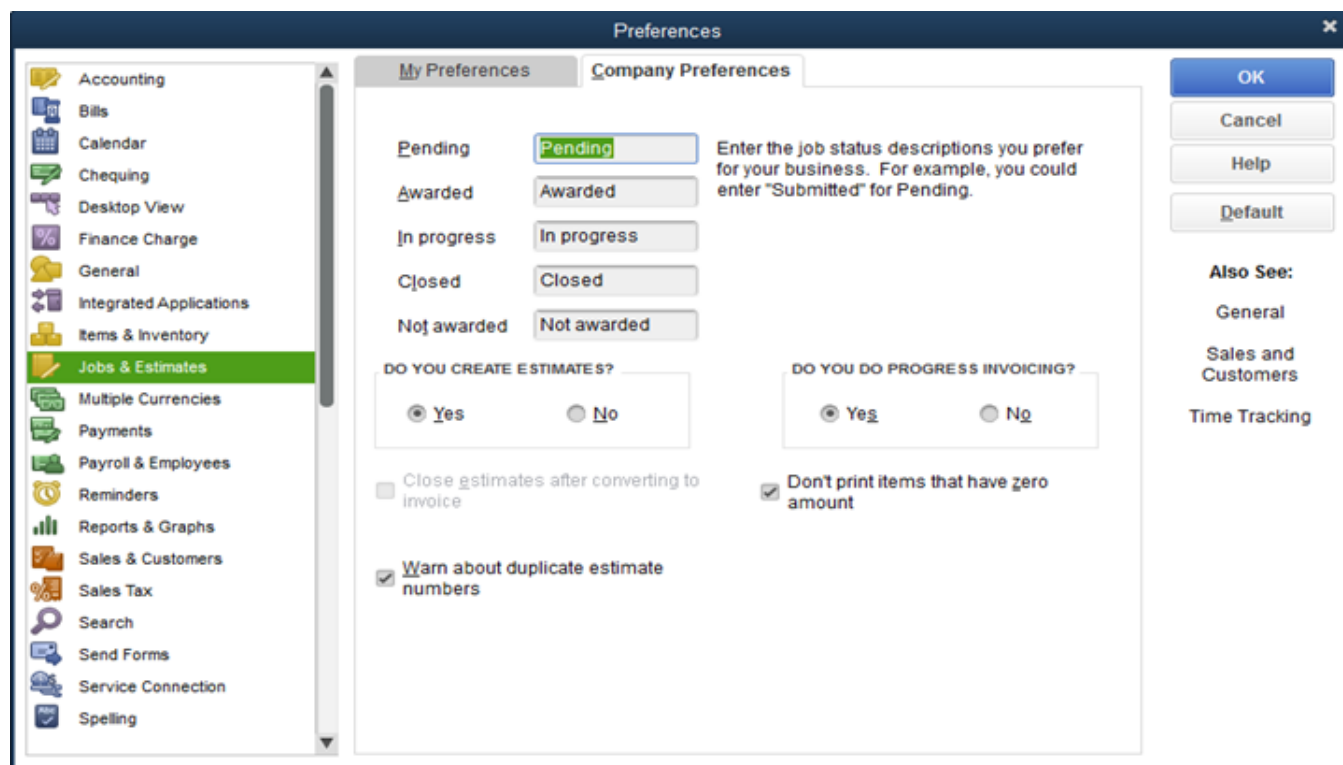

Estimates

An estimate is a description of work you can do or products you can provide for customers. QuickBooks refers to this as creating an estimate, but you can give the form your own title such as bid, grant, or proposal. To use progress invoicing in QuickBooks you'll use the estimate feature in order to use progress invoicing.

Estimates are non-posting transactions — they do not affect any financial reports or income and expense balances. QuickBooks allows you to create invoices from estimates either by transferring the entire estimate to an invoice or by choosing a percentage or selected items to invoice.

To turn on estimates and progress invoicing:

1. From the **Edit** menu, choose **Preferences**.
2. Click **Jobs & Estimates** in the left panel.
3. Click the **Company Preferences** tab to display the job and estimate preferences.
4. Select **Yes** to the question **Do You Create Estimates?**
5. Select **Yes** to the question **Do You Do Progress Invoicing?**
6. Click **OK** to save the changes and close the Preferences window.

**NOTES**

Create Estimates

To create an estimate from the Customer Centre:

7. From **Home Page** click **Estimates**.
8. Choose the **Customer:Job**.
9. Complete the header of the Estimate form including the **Date**, **Estimate#** and other relevant information like **Shipping Address**, **Class**, etc.
10. From the **Item** column choose the Items that you're going to estimate and eventually sell to the customer.
11. Add or edit the **Quantity**, **Cost** and **Amount** as needed. Note: The Cost is the item's cost as it is setup on the item record.
12. Add the Markup if appropriate.
13. Add the Tax.
14. Click **Save & Close** to save the estimate.

NOTES

You can easily create multiple variations of an estimate without having to reenter all of the data. First you create a duplicate of the original estimate then make the modifications necessary for the second bid.

To create a duplicate of an existing estimate:

1. Right-click in the body of the estimate and choose **Duplicate Estimate** from the list that displays (or use the **Edit** drop-down and select **Duplicate Estimate**).
2. Click **OK** when QuickBooks notifies you the duplicate estimate has been created.
3. Edit the estimate to create a new estimate.
4. Click **Save & Close**.

The screenshot shows the 'Create Estimates' window in QuickBooks. The window title is 'Create Estimates'. The menu bar includes 'Main', 'Formatting', 'Send', and 'Reports'. The toolbar contains various actions like 'Find', 'New', 'Save', 'Delete', 'Create a Copy', 'Memorize', 'Mark As Inactive', 'Print', 'Email', 'Attach File', 'Create Invoice', and 'Create Purchase Order'. The 'CUSTOMER_JOB' is set to 'Card, Brad' and the 'TEMPLATE' is 'Custom Estimate'. The main area displays the 'Estimate' form with fields for 'DATE' (09/13/2016), 'ESTIMATE #' (6), and 'NAME / ADDRESS' (Card, Brad, 242 Machray Ave, Surrey, BC, V4S 3T2). A table lists items with columns for 'ITEM', 'DESCRIPTION', 'AMOUNT', 'MARKUP', 'TOTAL', and 'TAX'. A context menu is open over the table, with 'Duplicate Estimate' highlighted. The table data is as follows:

ITEM	DESCRIPTION	AMOUNT	MARKUP	TOTAL	TAX
01 Plans and Permits	Plans and Permits	250.00	25.0%	312.50	G
02 Site Work:02.10 Demo	Demo	800.00	25.0%	3,500.00	G
04 Concrete	Concrete	656.00	30.0%	9,952.80	G
05 Masonry	Masonry	000.00	33.5%	6,675.00	G
Direct Labour:Framing Labour	Framing Labour	200.00	20.0%	8,640.00	G
				22,906.00	
				6,174.30	
				1,454.02	
				0.00	
TOTAL				30,534.32	

At the bottom of the window, there are fields for 'CUSTOMER MESSAGE', 'MEMO', and 'CUSTOMER TAX CODE' (G). Buttons for 'Save & Close', 'Save & New', and 'Clear' are visible.

Reporting on Estimates

You can create an Estimates by Job report to view all of your estimates in one place. This report lists all active estimates assigned to a customer or job. You can see at a glance how many estimates exist for each customer or job.

To create this report:

1. Go to the **Reports** menu and click **Jobs, Time & Mileage**.
2. Click **Estimates by Job**.
3. To open any of the estimates listed, double-click the transaction

Creating an Invoice from an Estimate

Once you've created an estimate and the customer has approved it, you can use the estimate to invoice the customer.

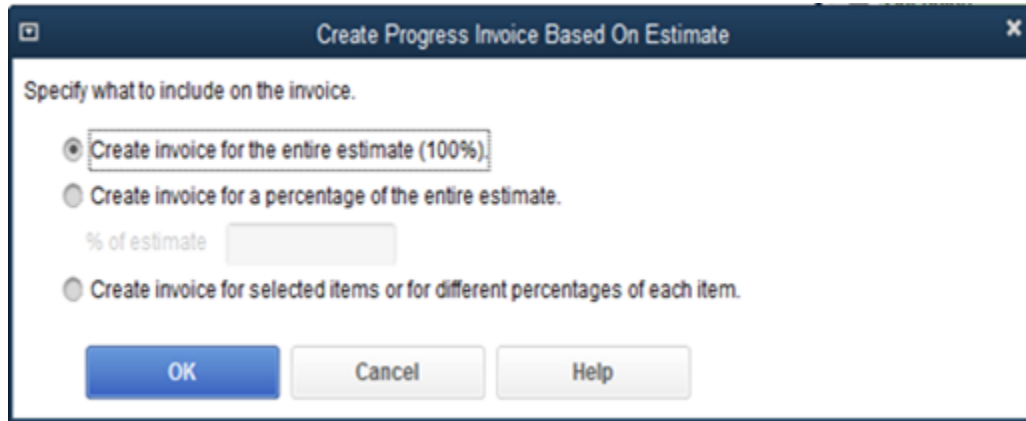

Progress invoicing (also known as progress billing) lets you invoice for jobs you complete in phases. When using progress invoicing, you start by creating an estimate for the job. As you complete each phase, you can easily transfer items from the original estimate to an invoice.

To create an invoice for 100% of an Estimate:

1. From the **Home Page**, click **Create Invoices**.
2. Choose the **Customer: Job** name.
3. QuickBooks displays the **Available Estimates** window. From this window click the Estimate you'd like to convert to an invoice.
4. Click **OK**.

5. Select **Create invoice for a percentage of the entire estimate**.
6. Enter the percentage you wish to bill for in the **% of estimate** field.
7. Click **OK**.

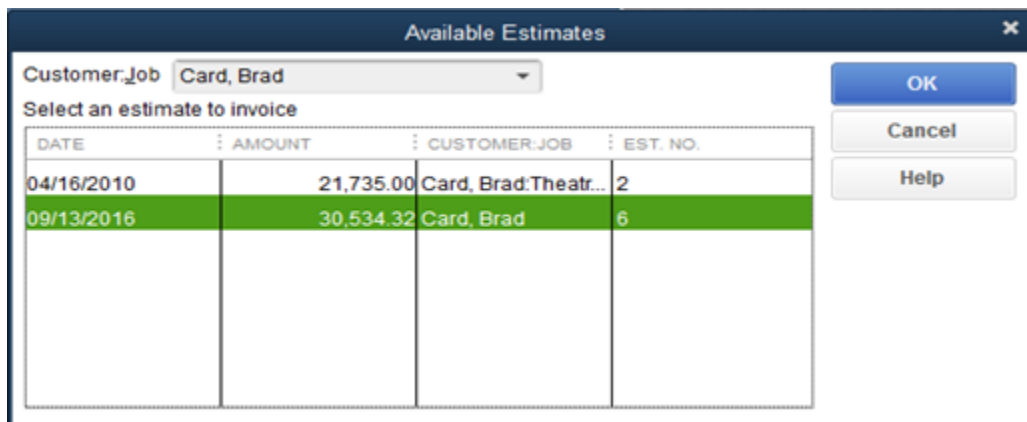

8. You may choose to use a different invoice template for progress invoices, in which case you would select the appropriate template from the **Template** drop-down.
9. Click **Save & Close** to record the invoice.

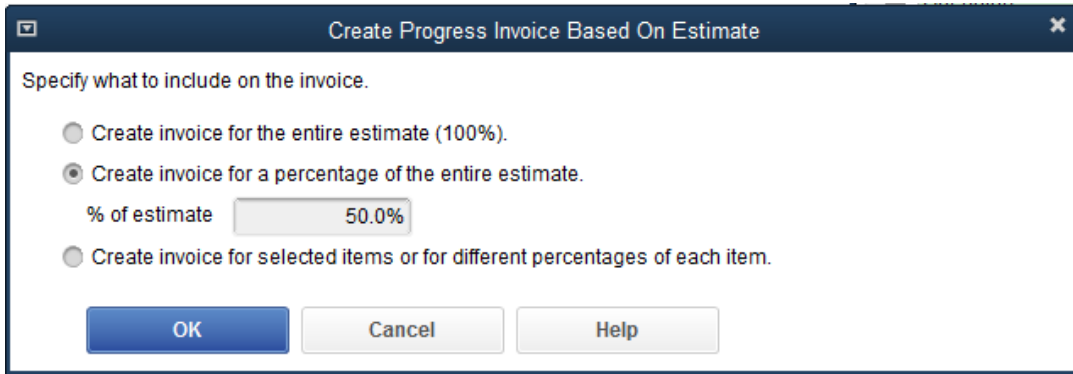

ITEM	DESCRIPTION	EST AMT	PRIOR AMT	QTY	TAX	RATE	TOTAL %	AMOUNT
Direct Labour:Cabinetry & Count. Lab.	Cabinetry & Countertops	3,750.00			G	3,750.00	100.0%	3,750.00
Direct Labour:Drywall Labour	Drywall Labour	1,500.00			G	1,500.00	100.0%	1,500.00
Direct Labour:Electrical Labour	Electrical Labour	750.00			G	750.00	100.0%	750.00

To create an invoice for % of an Estimate:

1. From the **Home Page**, click **Create Invoices**.
2. Choose the **Customer: Job** name.
3. QuickBooks displays the **Available Estimates** window. From this window click the Estimate you'd like to convert to an invoice.
4. Click **OK**.

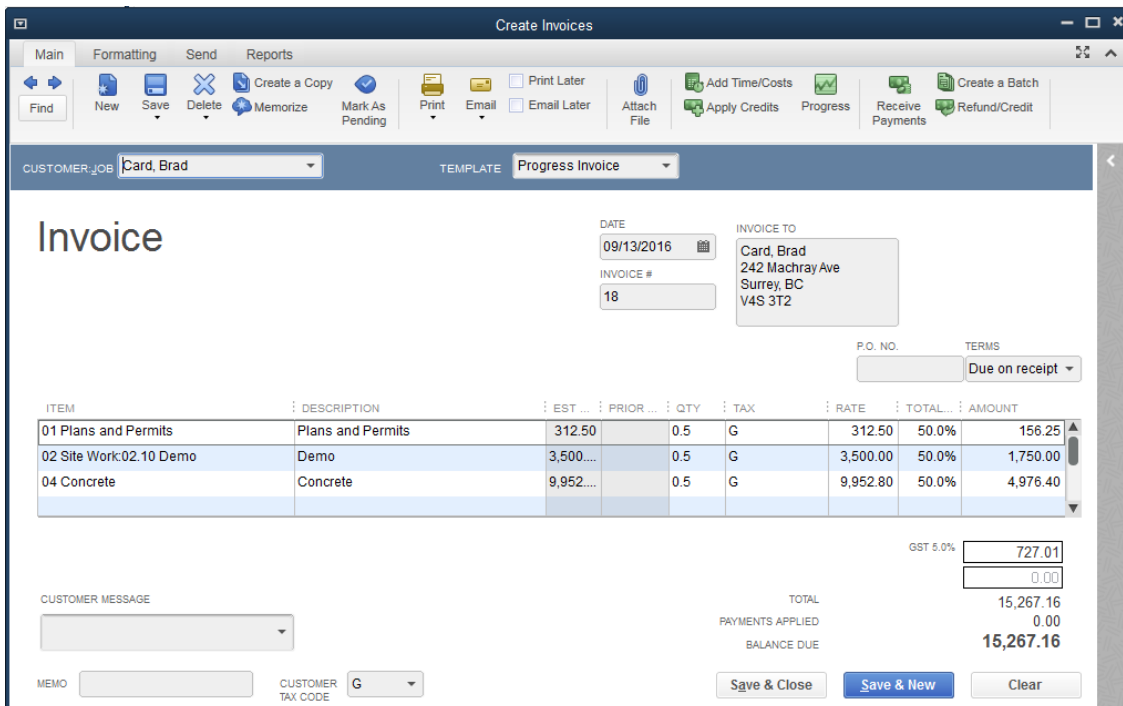

5. Select **Create invoice for a percentage of the entire estimate.**

6. Enter the percentage you wish to bill for in the **% of estimate** field.

7. Click **OK**.

8. Click **Save & Close**.

9. Repeat the process for the additional phase of invoicing.
10. Click **OK**.

DATE	AMOUNT	CUSTOMER:JOB	EST. NO.
09/13/2016	30,534.32	Card, Brad	6

11. Repeat the process for the additional phase of invoicing.

Specify what to include on the invoice.

Create an invoice for the remaining amounts of the estimate.

Create invoice for a percentage of the entire estimate.

% of estimate

Create invoice for selected items or for different percentages of each item.

12. Click **OK**.
13. Click **Save & Close** to complete the final invoice.

Displaying Reports for Estimates

Because you've just completed a progress invoice, you can see how QuickBooks records this on the Job Progress Invoices vs. Estimates report. This report shows job status, estimate total, total invoiced from the estimate on progress invoices, and the percentage of the estimate already invoiced on progress invoices.

To display the Job Progress Invoices vs. Estimates report:

1. From the **Reports** menu, choose **Jobs, Time & Mileage**.
2. Choose **Job Progress Invoices vs. Estimates**.

Type	Date	Num	Estimate Active	Estimate Total	Progress Invoice	% Progress

3. Close the report window.

NOTES

Making Estimates Inactive

Once a customer has accepted one of the estimates for the job and you have started work, you might want to make the unaccepted estimate inactive. When you make an estimate inactive, QuickBooks keeps a record of it but does not use the numbers in reports.

To mark an estimate inactive:

1. From the **Customer Centre**, open the estimate you wish to inactivate.
2. Click the **Mark as Inactive** icon at the top of the estimate.
3. Click **Save & Close**.

NOTES

Review Activities

1. From the **File menu** in QuickBooks, choose **Open or Restore Company**. QuickBooks displays the **Open or Restore Company window**.
2. Select **Restore a backup copy** and click **Next**.
3. Select **Local backup** and click **Next**.
4. In the **Open Backup Copy** window, navigate to the appropriate directory.
5. Select the **qblesson.qbb** file, and then click **Open**.
6. In the **Open or Restore Company** window, click **Next**.
7. Navigate to your directory.
8. In the **File Name** field of the **Save Company File As window**, type **Lesson13** and then click **Save**.
9. Enter the **Password: QBDT2019!**
10. Click **OK** when you see the message that the file has been successfully restored.
